WELCOME TO UNIVERSITY DINING

DINING VISION

We are passionate about hospitality and committed to the success of the Hawkeye community.

We are excited that you have chosen to join us as we work to make this vision a reality. The students, staff, faculty and guests that we serve depend on us to provide nutritious and delicious food, along with a pleasant, clean and professional environment. You play a large role in creating a positive image of University Dining and increasing customer satisfaction.

ONE DEGREE HIGHER

One Degree Higher is our Continuous Improvement Program. At 211 degrees, water is just hot. But at 212 degrees, it boils, which produces steam. That steam can be used to move mountains, and all because of the addition of one degree. University Dining is committed to continuously improving our service to customers. Small changes make a difference in providing great value, high quality food and excellent service. We are thrilled to have you join us and ask you to always strive to achieve One Degree Higher.

WHAT’S IN THIS HANDBOOK?

The University Dining Employee Handbook is intended to give new and current employees an overview of information and guidelines pertaining to the University of Iowa policies and University Dining. It contains general information and guidelines and is not intended to be comprehensive or to address all the possible applications of (or exceptions to) information contained within. If you have any questions concerning the general information and guidelines in this Handbook, seek clarification from your supervisor or manager.

Because of our changing business environment, the information and guidelines are under constant review and may be changed at any time with or without notice based on the needs of the business or the interests of the employees. Final authority for information summarized in this Handbook rests with management. In the event the information and guidelines are changed, we will do our best to keep you informed.

If at any time there should be a conflict between a description in this Handbook and the Collective Bargaining Agreement between the State of Iowa and American Federation of State, County and Municipal Employees (AFSCME), the Agreement will supersede for merit employees covered by the Agreement.

FIRST THINGS FIRST

When an employee is hired, they must fill out the appropriate forms, including the University Housing & Dining Data Collection Form and the Form I-9 (Employment Eligibility Verification) no later than the first day of employment. Employees must provide evidence of identity and employment authorization within three business days of the employee's first day of employment. All documents must be original documents as outlined in the Lists of Acceptable Documents found on the last page of Form I-9. Photocopies or scanned documents will not be accepted.

Any employee who has not completed the I-9 or provided appropriate documentation within the required time period will not be allowed to work and may be terminated from employment. Once the forms listed above have been completed and the appointment has been entered and approved in the University’s Human Resources Information System, employees must complete the following on-line through HR-Self Service:

W-4 FEDERAL & STATE TAX WITHHOLDING FORMS

Employees may contact Payroll at (319) 335-2831 for questions about tax withholding. If the W-4 Tax Withholding is not completed in Self Service, the Payroll Office will use an automatic default of single and “0” allowances (highest withholding rate).

DIRECT DEPOSIT FORM

Direct Deposit information must be entered in Self Service to have payroll automatically deposited in a bank account. Direct deposit is mandatory for new hires.

UNIVERSITY ID

All employees are required to have a valid University of Iowa I.D. card. Employees must take either a valid driver's license or passport to get a University I.D. Employees must be appointed and approved in the Human Resource Information System prior to getting a University I.D. card. Check with a supervisor about the status of your appointment. Instructions will be provided as to where a University I.D. can be obtained.

PREPARING FOR YOUR JOB

One of the most important requirements when working in University Dining is that clothing and your appearance be clean, neat and appropriate for a work setting. Employees not in compliance with the dress requirements will be directed to change on their own time into appropriate attire as the job requires.

The University of Iowa prohibits discrimination in employment, educational programs and activities in accordance with the university Human Rights policy https://human-rights.uiowa.edu/community-policies/
Uniforms

Uniforms are required for all dining staff. Supervisors will explain the uniform policy. All employees are required to wear the proper uniforms according to the requirements for the position. A long sleeved shirt may be worn under the uniform shirt provided the long sleeved shirt is solid grey, black or white and does not contain any patterns or logos.

Catering Student Staff should refer to the Catering manual for specific dress requirements.

Hairnets or Caps

Employees (excluding catering staff) are required to wear hairnets or caps. Merit staff will be given a UH&D cap which can be worn as an alternative to a hairnet. Additional caps can be purchased. Soiled/stained caps can be exchanged for a new one.

Students and Temporary Employees may opt to purchase a cap for $8.00 to be worn as an alternative to a hairnet.

Beard nets are required and will be provided to employees with facial hair. Employees may be required to wear a hairnet in addition to their cap if the cap does not provide proper hair restraint. Caps must be worn with the bill facing forward. Bandanas or scarves are not approved work apparel.

Footwear

For safety reasons, employees are required to wear closed-toe and closed-heel shoes. We recommend that the shoes be comfortable, low-heeled and have rubber or slick-resistant soles. No boots or Ugg type footwear that goes over your pant leg will be allowed.

Catering Staff are required to wear all black shoes.

Accessories

Wearing dangling jewelry, acrylic finger nails or nail polish are not permitted. Watches (excluding catering staff), bracelets and wrist bands are not allowed. Rings on fingers are allowed only if they are smooth bands.

Name Badges

Name badges will be issued to each employee. Employees are required to identify themselves by wearing the name badge when on duty. The name badge is to be worn on the right front upper chest area attached to the uniform (shirt/jacket). It must be easily observed and free from affixed items. A name badge may not be worn or used by any employee other than the employee to whom it was issued. Employees that are off duty for non-work/non-educationally related reasons should not wear their name badges.

If an employee reports to work without their name badge, a supervisor should be contacted immediately. Each employee is responsible for any misuse/abuse of the name badge until it is reported lost or stolen. It is the employee’s responsibility to report lost or stolen name badges as quickly as possible to a supervisor. Found name badges should be returned to a supervisor.

Name badges will be issued free of replacement fee for departmentally authorized reasons, which may include, but not be limited to, normal wear or defects.

Upon the end of the academic year (for students) or termination of employment, employees must return the name badge to the designated supervisor or clerk at their respective locations. Failure to do so may result in a replacement fee charge.

Merit Employees will be provided with their initial name badge by the department at no cost. University Housing & Dining will replace (at no cost) all name badges that wear out and will replace one name badge a year that is lost by the employee. Thereafter, the employee will pay 100% of the replacement cost of any additional lost name badges in a given one-year period. The employee will also pay 100% of the replacement cost for a defaced name badge.

Student Employees will receive their first name badge at no charge. The replacement fee for lost or defaced badges will be $3.00.

Let the Work Begin

There is a job description containing specific information on duties and clean-up for each position. Each employee must complete all assigned tasks, including clean-up, before finishing a shift. Job duties are subject to change as needed to meet the business needs of the operations and service to the customers.

Merit Employees are to check with their immediate supervisor before leaving.

Students and Temporary Employees must check with a supervisor before they leave their assigned work area.

Time Clock Procedures

Employees are required to punch in and out at their scheduled times, including meal and break periods. Time recorded in the timekeeping system will automatically round to the nearest tenth of an hour. Each employee must obtain prior approval from a supervisor to punch in earlier or later than the scheduled time. Employees must be in uniform and ready to work BEFORE punching in and cannot change out of their uniform until they have punched out.
**Attendance & Punctuality**

Because our operations depend heavily upon our employees, it is important that employees attend work as scheduled on a regular and consistent basis. Attendance, punctuality, dependability and a commitment to do the job right are essential at all times. As such, employees are expected at work on all scheduled work days and during all scheduled work hours, and to report to work on time. The University recognizes that staff members are diverse and have a wide range of personal and family obligations. Some of these circumstances can be complex and at times difficult, potentially impacting the staff member’s ability to be present and productive when at work. It is vital that the University and its staff members strive to meet their individual responsibilities regarding attendance and the use of leave benefits as they are intended to be used.

**Staff Absences**

All employees are expected to call their work location if unable to work their shift at least one (1) hour or more before scheduled work begins. Email, Text and Fax are NOT acceptable forms of notification. It is acceptable to leave a message on the appropriate location’s voicemail or with a co-worker when a supervisor is not on duty. However, the absent employee must call back later the same day after 8 a.m. to talk with a supervisor and to provide sufficient information relating to the absence. This will help the supervisor to make adjustments in the schedule in order to meet operational needs. This applies for each day of the absence.

**Catering Student Staff** must call two (2) hours prior to shifts starting after 8 a.m.

Employees who miss three (3) or more consecutive shifts due to their own injury or illness may be required to provide a release to return to work form from a treating healthcare practitioner. Absence report forms are management’s record of absence or tardiness. Employees are required, for each absence, to complete and sign these absence report forms in their entirety before

**Merit Employees - Wash-up Time Period:** In accordance with the Collective Bargaining Agreement between the State of Iowa and AFSCME, merit employees will be allowed a ten-minute wash-up time to go to the locker room and change into their street clothes. They will be expected to check out at their scheduled time.

The University I.D. is used for clocking in and out for scheduled work shifts. In order to use the electronic time clock, employees must swipe the gold magnetic strip face up on the University I.D. card. It is important to remember to bring the University I.D. card for all work shifts. If employees forget to bring their University I.D. to work or forget to clock in or out for shifts, meal periods or breaks, they must see a supervisor immediately.

**Meals & Breaks**

Employees who choose to bring their own meal (sack lunch) or snack that needs to be refrigerated should check with a supervisor so it may be stored in a designated area.

**Merit Employees** are entitled and required to take a ½ hour unpaid meal period and two (2) paid 15-minute breaks that are scheduled during a regular (8 hour) work shift daily. Employees must be clocked out on the time clock during their meal period and breaks. During the 15-minute scheduled breaks, employees must not leave the grounds of their location without prior approval from a supervisor. If an employee is unable to take a meal or break at the scheduled time, he/she must talk to a supervisor prior to the meal and/or break to discuss and schedule an alternate break time.

**Students and Temporary Employees** are eligible for one (1) complimentary meal for each shift they work. Employees must check out while eating and eat the meal before or after scheduled work periods unless scheduled otherwise or a conflict occurs. Permission must be obtained from a supervisor prior to punching out for a meal during a scheduled shift.

**Students and Temporary Employees** are to eat their complimentary meal at the Market Place. Catering kitchen and delivery staff will be given a food voucher, redeemable in the River Room or Union Station. Students and temporary employees working in the Central Bakery and Cold Food Production kitchen are to eat their complimentary meal at Burge Market Place. Catering students will be provided a meal based on food availability at the end of service. In the event there is no food available, they will be given a food voucher redeemable in the River Room or Union Station for use within 24 hours of their shift.

All meals eaten must be recorded or processed with the checker before the meal is eaten. Employees will be asked to sign the receipt for any transaction.

**Employees who miss three (3) or more consecutive shifts due to their own injury or illness may be required to provide a release to return to work form from a treating healthcare practitioner. Absence report forms are management’s record of absence or tardiness. Employees are required, for each absence, to complete and sign these absence report forms in their entirety before**
submitting to a supervisor for approval. Records of absenteeism and punctuality are kept on file and play an important role in evaluating employee work performance.

**Merit Employees** may request to trade days off within the same work week (Sunday-Saturday) with other merit employees. Employees are required to complete the “Request for Changing Days” form and obtain prior approval from their manager or supervisor before trading days off.

**Students and Temporary Employees** are required to find a substitute for all scheduled work periods that they are unable to work. It is a student or temporary employee’s responsibility to secure a qualified replacement from the approved list of student employee substitutes. See a supervisor for procedures in each location.

If a student or temporary staff member is ill, he or she should try to find a substitute. If unable to find a sub after exhausting all possibilities, the student or temporary must contact their manager or supervisor at least one (1) hour before scheduled work begins.

When a student or temporary employee agrees to be a substitute for a work shift, it is the same as working a regular shift. Not showing up for the shift will be considered a no call/no show and may be subject to disciplinary action!

Students are expected to work through finals week. Student staff that resign less than four (4) weeks before the end of finals week and/or resign with less than two (2) weeks’ notice will not be eligible for rehire within UH&D.

**Students and Temporary Employees** are hired on an “as needed” basis. Continued employment is “at will” and may be terminated at any time by either the employee or employer. Students performing at a successful level will be given a work schedule questionnaire to complete at the end of each semester. This will give the student employee an opportunity to provide input into their schedule for the following semester.

**GETTING PAID**

**Merit Employees** are paid on the first business day of the month. The pay rate for merit employees is determined by the Board of Regents, State of Iowa Regent Merit System Pay Plan and the provisions set forth by Collective Bargaining Agreement between the State of Iowa and AFSCME.

**Students and Temporary Employees** are paid bi-weekly. Student entry level rates are reviewed on an annual basis. Students may be eligible for an annual evaluation and possible rate increase based on their performance. Evaluation dates will vary based on appointment dates of employees. The pay rate for temporary (non-student) employees is determined by the University every fiscal year on July 1st. (See Handbook supplement for bi-weekly pay schedule)

**HEALTH & SAFETY**

**SANITATION**

The objective of University Dining is to provide our customers with the highest possible standards of cleanliness and sanitation with attractive food presentation.

**PERSONAL**

- Always practice good hygiene. The personal cleanliness and neatness of all employees must be of the highest level.
- Open sores or cuts must be covered with a clean bandage. Plastic gloves are available.
- Employees may be a potential threat to a customer if they are not feeling well.
- Employees who have a bad cold (coughing, sneezing, or nasal discharge), feel ill, or have open sores or cuts that are exposed on hands, arms or face must inform a supervisor. The supervisor will assess the problem and may make an alternate work assignment or request medical documentation to be sure the employee is fit for duty.
- Books, newspapers, purses, coats, cell phones, etc. are not to be brought into any of the work areas. All merit employees have assigned lockers. Space will be designated for other employees to leave personal items.

**BULLETIN BOARDS**

There are employee bulletin boards located in work locations. Employees are responsible for reading the information posted on these bulletin boards on a frequent basis for new and/or updated information and to follow the guidelines set forth in all posted notices. The Union shall be allowed to utilize half (1/2) of the space on existing bulletin boards. Employees are not to remove materials from or post materials on the bulletin boards without prior approval from a manager or supervisor.

**DISCIPLINE**

By accepting our offer for employment, each employee has agreed to perform all of the requirements of the position. Disciplinary action will normally begin at the lowest step in the progressive discipline process, however it may be advanced dependent upon the seriousness of the performance issue or offense.
• Eating food or chewing gum or tobacco is not allowed while on duty. These items cannot be in contact with exposed food, clean equipment, work surfaces, utensils, unwrapped single service and single use articles at any time.
• Employees may drink water from the drinking fountain. Other beverages are available at the beverage station. No drinks are allowed in the public service and food preparation areas. In other designated areas, beverages must be maintained in a closed beverage container with a straw. Beverages can never be in contact with exposed food, clean equipment, work surfaces, utensils, unwrapped single service and single use articles per the Food Code Regulations.

THE WORK STATION
• Handle all dishes by the outer rim and underside, utensils and cups by the handle, and glasses below the rim. Use plastic gloves when handling any food directly and change them frequently to avoid cross-contamination, while also washing hands between glove changes.
• Clean as you go. It is important to keep the work area as clean as possible. Clean up all spills immediately.
• Employees must never handle food directly with their hands without the use of proper utensils or clean plastic gloves!
• All food items opened must be labeled with a preparation date according to Food Code Regulations. This applies to items such as salad dressings, milk, and other condiments. Ask a supervisor for specific instructions.

GLOVES
Hand washing is the single most important means to preventing the spread of infection and food borne illness. In addition to hand washing, we use gloves to prevent the spread of food borne illness. Gloves must be worn when handling ready to eat foods. When using gloves, change them frequently, and wash hands before putting on new gloves.

SAFETY
Because of the fast pace and potentially dangerous equipment, working in a food service operation can be hazardous. Follow these guidelines to assure safety:
• Walk - NEVER run.
• Mop or clean up all water and food spills from the floor as soon as possible. Put out the "Wet Floor" sign!
• Do not throw or toss things around the kitchen, dining room, dish room or customer service areas. The workplace is the wrong place for horseplay of any kind.
• Dispose of broken china and bottles immediately in the proper container. If you believe that the food could be contaminated because of glass fragments, pull the item off the counter immediately and inform your supervisor.
• Look where you’re going. Cabinets or oven doors may be open and can cause serious cuts, bruises or burns.

• Do not sit or lean on equipment.
• NEVER use wet pot holders – a steam burn could result.
• Employees working in the Market Place dish room, pot & pan department, or scraping room for four (4) hours or longer in a work shift are included in the University of Iowa Hearing Conservation Program. Hearing protectors are recommended and are available to you. The University is required by law to follow IOSH (Iowa Occupational Safety and Health)
• Noise Standard which includes making every effort to reduce or eliminate sound levels in these areas. Due to concerns about high noise levels in the dish room, personal listening devices with earphones are prohibited in the dish room at all times.
• Safety goggles are provided and must be worn when working directly with hazardous chemicals.
• Before operating equipment that you have not been trained on, employees must notify their supervisor for proper operating procedures.

KNIFE HANDLING SAFETY
Working in an environment of food preparation and service, hazards related to hand safety are everywhere, particularly when handling knives. Staff should not handle knives without successfully completing the knife safety skills training conducted by your supervisor. In order to prevent cuts, UH&D requires the use of cut resistant gloves by all staff when handling knives.

All staff who must handle knives as part of their work responsibilities will be given the opportunity to participate in additional skills training which will include a knife handling safety quiz and practical assessment. Staff members who successfully complete all components of the training program and continue to demonstrate safe practices will be given the option to handle knives without the use of cut resistant gloves. Supervisors/Managers may require re-training or use of cut-resistant gloves at any time. Failure to follow established safety practices, including the use of cut-resistant gloves when required, may result in discipline up to and including termination of employment.

JOB-RELATED INJURIES & ILLNESSES
Worker’s Compensation is a form of insurance that is provided to employees by the University. Approved claims for job-related injuries and illness may entitle an injured employee to medical coverage related to the injuries at no cost and a portion of their salary for work absences.

Employees must report all work injuries/accidents within 24 hours to a Supervisor/Manager. Additionally, the First Report of
Injury form must be completed on Self-Service and submitted to the Benefits Office within 24 hours of the injury/illness. If you have questions and/or need to seek medical attention due to a work injury/accident, you must contact a Supervisor/Manager, University Housing & Dining HR Office at (319) 335-3000 or the University’s Worker’s Compensation Specialist in the Benefits Office at (319) 335-2679. (More information about Worker’s Compensation is located on the UI Benefits website at http://hr.uiowa.edu/workers-compensation or you may contact University Housing & Dining HR at (319) 335-3000.)

**INJURY CARE**

For serious or life-threatening injuries or illnesses call 911.

Employees seeking treatment for a workplace illness or injury are directed to seek initial medical care from UI HealthWorks (3 Lions Dr. in North Liberty - off Hwy 965). To expedite the treatment process and ensure timely delivery of care, we request that employees please call UI HealthWorks before traveling to the clinic (319) 356-3335.

Care needed as a result of a serious injury/illness or treatment needed during non-clinic hours should be seen at the UIHC Emergency Treatment Center. Please call UI HealthWorks if there is any question as to what classifies as a ‘serious’ injury/illness. It is not recommended that individuals use their own personal vehicle to transport an injured colleague to the UI HealthWorks Clinic for medical treatment. Mileage reimbursement will not be provided in this case. Below are transportation options and guidelines for employees seeking treatment for work-related injuries.

**OPTION A**

The injured employee may be transported to the UI HealthWorks Clinic (or if an emergency to ER at UIHC) in a University Housing & Dining vehicle, if one is available and approved by the employee’s department manager or designee. If a UH&D vehicle is not available in your area, your supervisor or designee may call Facilities Operations at 319-335-9970 for vehicle status. The UH&D vehicle shall only be driven by a licensed driver currently on the UI authorized drivers list.

**OPTION B**

The injured employee may use their personal vehicle to travel to and from treatment, if they are able to do so. Mileage reimbursement is provided for these individuals. The Travel Reimbursement form can be requested from the UI Benefits Office at 319-335-2676. A receipt for parking is required if included in the reimbursement request for approved appointments at other medical locations.

**OPTION C**

University of Iowa has established an account with Yellow Cab of Iowa City to provide taxi service to and from the employee’s work location to the UI HealthWorks Clinic in North Liberty, IA. Individuals should call 319-338-9777 to request service. At the time of pick-up, employees will be required to show their University ID to the driver. The taxi will not wait during the clinic appointment, nor will they stop at any other locations to and from the clinic. At completion of the appointment, a return ride should be scheduled. Individuals using Yellow Cab of Iowa City and following the established process will not be required to pay a fee at time of service. If necessary, reimbursement for a taxi fee is provided for employees traveling to and from their University work location to the UI HealthWorks Clinic in North Liberty. The Travel Reimbursement form can be requested from the UI Benefits Office. A receipt for taxi fare is required. Any tips to the taxi driver will not be reimbursed.

**UH&D POLICIES & PRACTICES**

**DEPARTMENTAL KEY & ELECTRONIC ACCESS POLICY**

For the purpose of this policy the definition of keys also means access cards and fobs. All staff in University Housing & Dining who are assigned and issued keys are responsible for the safe keeping of these keys and are expected to report the loss of keys to a supervisor immediately. Employees responsible for the issuance of keys are required to take extra precautions to ensure that no keys are issued to unauthorized individuals. When keys are lost or issued to unauthorized individuals, it jeopardizes the safety and security of University property, equipment, and our residents.

Staff may not loan any key to anyone including guests/family members. Live-in professional staff guests/family members who are registered with Residence Education may be issued building entrance and apartment keys only. Each key issued is to be verified as received through signature. Keys are not to be mailed via campus mail. The burden of retrieving keys lies with the office that issued the key.

Staff must immediately report the loss of keys, loss or temporary misplacement of any keys, and/or unauthorized issuance of keys. Failure to immediately report such incidents may be grounds for disciplinary action up to and including termination of employment.

**DEPARTMENTAL REMOVAL OF DISCARDED ITEMS POLICY**

University Housing & Dining staff are not permitted to salvage, sort or save any trash from any waste receptacle or other area in or around the residence halls or other UH&D operations at any time. This includes beverage containers, newspapers, magazines, clothing, food, etc.
All trash that is collected during the performance of an employee’s assigned tasks is to be placed in the designated trash disposal site for the building. Trash is not to be left on a service cart or in the service closets. Staff who are assigned to collect trash are to deposit all trash in the dumpsters or other trash compactors by the end of the shift.

Employees who would like to take empty packaging items out of any of our operating areas (i.e., cardboard boxes, plastic containers, glass jars) must obtain prior approval from their supervisor. Requests will be on a “first come, first served” basis. Any UH&D employee in violation of this policy may be subject to disciplinary action up to and including termination of employment.

OFFICE PHONES

Personal phone calls made on University business telephones should be kept to a minimum and limited to local calls during your scheduled meal times and breaks, unless it is an emergency. In the event an employee needs to make a personal call that is long distance, the cost of the call is the responsibility of the employee. Employees expecting an important or emergency phone call during their scheduled work hours are asked to inform their supervisor beforehand. We will not take messages on incoming calls unless the caller states it is an emergency. If it is an emergency, we will locate the employee.

Employees are responsible for verifying the telephone number with their supervisor of where the employee may be reached in the event of an emergency, during the employee’s scheduled work time. The University toll-free number is not to be used. This number should not be given out to family, friends, or for that matter, anyone. The Admissions Office pays for this toll free number to be used for customer service and only for new incoming students.

PERSONAL CELL PHONES

Employees not authorized by UH&D to carry a personal cell phone for business purposes must not use them during scheduled work hours. Staff that are required to be out of their office/work location for University business purposes may be authorized to carry and use a personal cell phone to send/receive University business calls with prior approval from their supervisor. Employees expecting an important or emergency phone call during their scheduled work hours must talk to their supervisor beforehand for further instructions. Employees may use their personal cell phones during scheduled meal times and breaks.

Any UH&D employee in violation of this policy may result in disciplinary action up to and including termination of employment.

RADIO & PORTABLE PLAYERS

Radios and portable players (stereos, tape or CD players, MP3 players) of any type are not permitted anywhere in service or non-service areas.

RESIGNATIONS

UI POLICIES & RESOURCES

UNIVERSITY WORK RULES

Work rules are defined as and limited to rules which regulate the personal conduct of employees and are promulgated by the University of Iowa within its discretion. Generally, work rules apply to matters arising from employment with the department or which have bearing on an employee’s ability to be effective in his or her job. Work rules are not intended to limit the rights of employees but rather to define those rights so the department can attain its objectives in an orderly manner.

Good personnel practice and the negotiated labor agreements require that the work rules of the department be reduced to writing. The rules are listed below. Committing any of the acts on the list will be sufficient grounds for disciplinary action ranging from reprimand to immediate discharge, depending upon the seriousness of the offense and/or the number of infractions.

These work rules constitute the general rules applicable to employees of the University of Iowa. Additional work rules may be promulgated which concern only individual positions, classifications and/or work units when such rules are required by the nature of the work performed. Likewise, the work rules do not constitute the entire list of violations for which employees may be disciplined. Other rules are provided by statute, by Iowa Code, and by administrative procedures established by management to meet specific conditions. Violations of these rules will also result in appropriate disciplinary action.

UI SEXUAL HARASSMENT POLICY

Sexual harassment subverts the mission of the university and threatens the careers, educational experience, and well-being of students, faculty, and staff. The university will not tolerate sexual harassment, nor will it tolerate unwelcomed behavior of a sexual nature toward members of the university community when that behavior creates an intimidating or hostile environment for employment, education, on-campus living, or participation in a university activity.

The University of Iowa forbids sexual harassment by any member of the university community. For purposes of this policy, “sexual harassment” means persistent, repetitive or egregious conduct directed at a specific individual or group of individuals that a reasonable person would interpret, in the full context in which the conduct occurs, as harassment of a sexual nature when:

Submission to such conduct is made or threatened to be made an explicitly or implicitly a term or condition of employment, education, on-campus living environment, or participation in a university activity; or submission to or rejection of such conduct is used or threatened to be used as a basis for a decision affecting employment, education, on-campus living environment, or participation in a university activity; or such conduct has the purpose or effect of unreasonably interfering with work or educational performance, or of creating an intimidating or hostile environment for employment, education, on-campus living, or participating in a university activity. Individuals who have experienced unwelcomed sexual behavior or sexual harassment are encouraged to report it, even if they are not certain whether a violation of this policy has occurred.

Employees should make reports or complaints about unwelcomed sexual behavior or sexual harassment to the Office of the Sexual Misconduct Response Coordinator (319-335-6200), to the Office of Equal Opportunity and Diversity (319-335-0705), or to any academic or administrative officer of the university such as your supervisor, dean, department head, or human resources representative. These individuals will have a duty to report complaints in accordance to the University of Iowa Sexual Harassment Policy.

SEXUAL HARASSMENT PREVENTION TRAINING PROGRAM
All new employees must complete a mandatory sexual harassment prevention training program within the first three (3) months of hire. Any questions about this training may be directed to UH&D Human Resources at 319-335-3000.

UI ANTI-HARASSMENT POLICY
The purpose of this policy is to prevent harassment within the University of Iowa community and to provide a process for addressing all forms of harassment if and when it occurs. The University of Iowa is committed to maintaining an environment that recognizes the inherent worth and dignity of every person, and that fosters tolerance, sensitivity, understanding, and mutual respect. This commitment requires that the highest value be placed on the use of reason and that any harassment in the university community be denounced as repugnant and inimical to its goals. Harassment destroys the mutual trust that binds members of the community in their pursuit of truth.

The university also is committed strongly to academic freedom and free speech. An educational institution has a duty to provide a forum in which free speech and differences of opinion are actively encouraged and facilitated, and where opinions and deeply held beliefs are challenged and debated. Critical to this mission is providing a nondiscriminatory environment that is conducive to learning. Respect for these rights requires that members of the University community tolerate expressions of opinion that differ from their own or that they may find abhorrent.

This policy addresses harassment in all forms based on any classification covered by law and/or II-3 Human Rights (with the exception of sexual harassment, which is addressed in II-4 Sexual Harassment) and IV-2 Sexual Misconduct, Dating/Domestic Violence, or Stalking Involving Students, as well as harassment based on other factors as set forth in the policy.

The entire policy can be viewed at:
opsmmanual.uiowa.edu/community-policies/anti-harassment.

UI ANTI-RETALIATION POLICY
The University of Iowa encourages its faculty, staff, and students to make good-faith reports of university-related misconduct. The commitment to improve the quality of the university through such reports is vital to the well-being of the entire campus community. Retaliation as a response to such a report will not be tolerated. Retaliation, whether actual or threatened, destroys a sense of community and trust that is central to a quality environment. The university, therefore, wishes to make clear that it considers acts or threats of retaliation in response to such reports to constitute a serious violation of university policy.

The entire policy can be viewed at:
opsmmanual.uiowa.edu/community-policies/anti-retaliation.

STUDENT EMPLOYEE GRIEVANCE PROCEDURE
A. These procedures shall apply to and be considered the right of any University of Iowa non-academic employee who:

1. Is a student currently registered in an undergraduate, graduate, or professional program on campus; and

2. Has no other employee grievance procedure available for use.

B. A grievance is a difference, complaint or dispute regarding the interpretation or application of established policies and/or procedures governing terms of employment, working conditions, hours of work or compensation. General wage adjustments are excluded from the grievance procedure.
C. The initiation period for a grievance must be within 21 calendar days of the date of discovery, by the employee, of the grievance, and within one year of the actual incident.

D. The employee shall have the right to be accompanied by two representatives throughout the proceedings.

E. The employee shall be allowed a reasonable time, not to exceed four hours, off from duties without loss of pay to investigate a grievance. Such time is to be scheduled with the supervisor's permission. What is a reasonable time shall be determined by mutual consent of the parties involved. If the parties are unable to agree, the time reasonably necessary to investigate the grievance should be determined by the Vice President for Student Life or designee.

F. All levels of supervisory personnel involved shall be directed to consider grievances as soon as is reasonably possible.

G. An extension of the time limits specified in the grievance procedure may be made when mutually agreed upon by the employee and the administrator to whom the grievance is being addressed.

H. The mechanism for handling grievance proceedings is as follows:

**Step 1.** A grievance proceeding shall be commenced by the employee presenting the grievance orally to her or his immediate supervisor. Such supervisor shall make an immediate response to the grievance.

**Step 2.** If the oral response of the immediate supervisor fails to satisfy the employee, within four working days of receipt of the immediate supervisor's oral response, the employee shall file a written grievance with the immediate supervisor. If no oral response is made, a similar writing shall be filed with the immediate supervisor within four working days of presenting the oral grievance. In either case, the writing shall set forth with reasonable particularity:

1. The events concerning which the employee feels aggrieved;
2. The date or dates on which the events occurred;
3. The date of the presentation of the oral grievance to the immediate supervisor;
4. The date of the immediate supervisor's oral response, if one was made; and
5. The employee's understanding of the immediate supervisor's oral response, if one was made.

6. Within four working days of receiving the written grievance, the immediate supervisor shall respond to the employee in writing stating with reasonable particularity the supervisor's understanding of the facts and of his or her oral response, if either or both differ from that of the employee. If not resolved:

**Step 3.** The written grievance shall be sent by the employee within five working days of receipt of the supervisor's response to the department head and an administrator designated by the Vice President for Student Life. A meeting called by the administrator will then be held, if possible within five working days of receipt of the grievance or as soon thereafter as is feasible among the administrator, the department head or his/her designee, the employee and the employee's representatives, if any. A written response is required within five working days following the meeting. The response must be written by the department head in consultation with the administrator. If not resolved:

**Step 4.** The written grievance should be forwarded by the employee within five working days of receipt of the department head's response to the Office of the Vice President for Human Resources. Within five working days of the receipt of the written grievance, or as soon thereafter as feasible, a meeting should be called by the Vice President for Human Resources or his or her designee of appropriate parties necessary to review the issues related to the complaint, at which the employing department and the grievant may present arguments and/or witnesses in support of their position. The final administrative determination should be made by the Vice President for Human Resources, or designee, in consultation where appropriate with the Vice President for Student Life, to be communicated to the parties in writing within three working days of the meeting.

ELECTRONIC COMMUNICATIONS ACCESS POLICY
All staff in University Housing & Dining will be provided with reasonable access to UI information from electronic mediums (self-serve, operations manual, University email communications, staff development/testing, or other electronic resources available on campus). Staff members who do not have day-to-day access to a computer as a regular part of their job will be assigned to a designated computer terminal in UH&D.

Electronic communications access is to be used for University of Iowa business purposes only and is not to be used in a way that may be disruptive or offensive to others. Staff is prohibited from transmitting messages that contain slurs or other offensive information. While e-mail is often used in an informal way more akin to an oral conversation or telephone call, it may be useful to remember that an e-mail message can be saved as a written document. Do not assume that e-mail is confidential. Once a message is sent, you as the author lose control over who may see it. You may want to ask yourself whether the message you send would be appropriate in a letter or a memo. We ask staff to please use good judgment when using e-mail, the Internet, social media and other information systems provided by the University. Staff using social media should refer to University’s Housing & Dining Social Media Policy at: [housing.uiowa.edu/uhd-admin/social-media](http://housing.uiowa.edu/uhd-admin/social-media).

All communications and information transmitted by, received from, or stored in electronic mail (“email”) are the property of the University. Users should be aware that their uses of University computing resources are not completely private. While the University does not routinely monitor individual usage of its computing resources, the backup of data and communication records, the logging of activity, the monitoring of general usage patterns, and other such activities that are necessary for the rendition of service are required. The University may also inspect files or monitor usage for a limited time when there is probable cause to believe a user has violated the policy. Staff may refer to the University’s Acceptable Use of Information Technology Resources Policy at [opsmanual.uiowa.edu/community-policies/acceptable-use-information-technology-resources](http://opsmanual.uiowa.edu/community-policies/acceptable-use-information-technology-resources) for further guidelines as they relate to electronic access.

Staff members who do not have day-to-day access to computers as a regular part of their job will be provided fifteen (15) minutes per week as assigned by management to use a computer at a designated computer site for UI business purposes only. Representatives of the Union whose names have been provided to the University Employee Labor and Relations Office shall be permitted, with prior approval from their supervisor during scheduled work time, to use the University’s email system subject to the conditions outlined in the AFSCME Collective Bargaining Agreement.

Staff will be held accountable for their productivity, proper use of UI electronic communications and to know the UI and UH&D information that has been communicated electronically. A staff member may be subject to discipline up to and including termination of employment if his or her job productivity declines and/or the misuse of email or other electronic communications.
